No 207

Bangalore City,

17th ep 1905

Sir [illegible] rishna Murti [illegible] C S I

Dewan of Mysore

Sir,

I have the honour to apply to you for a building grant of Rs6000 for the Industrial School in Tumkur

I am glad to report that the esleyan Missionary Society have sent out to take charge of the school Mr R A Stott who is eminently fitted in every respect for the position For a term of nearly six years he was in charge of the Karur Industrial School e was recognised by the Madras Educational Dept as fully qualified and during his time the school gained the high reputation, which it still maintains Having completed his term he returned to England, but in response to our appeal he has come out gain to give us the benefit of his experience

We are erecting for Mr Stott and his family a bungalow at a cost of ~~Rs20,000~~ Rs 10 000 and I have the honour to ask that the cost should be borne equally by the Mysore Government and the Mission

It is also necessary to enlarge the workshops for the accommodation of the High School students and others who require tuition I propose to spend upon these enlargements the sum of 2 000 which I propose should be equally divided in the same way

In my letter to the Inspector General of Education, replying to his question as to the building grant that I should require for these developments, I mentioned the sum of Rs 5 000 but I find my estimate was inadequate As the Mission is prepared to spend an equal sum, I trust you will see your way to sanction the amount I ask for, namely, six thousand rupees

I have the honour to be,

Sir,

our most obedient servant,

D A Rees

General Supt of Wesleyan Missions in Mysore

From

H J BHABHA Esq
Legal Counsel of the Government of India

To

Sir,

3/8/25
3/8/25
3/8/25

I am directed to report that there is no house available at Simla for the occupation of Miss Stott Superintendent of the Industrial School at Kotgarh. A new house has to be erected and the Public Works Department estimate that will cost Rs 10,000 to carry out the necessary work. The Superintendent should live close to the School, as she has to be in the school from early morning

till late in the evening. I would recommend that one third of the cost or Rs 3,400 may be kindly sanctioned towards the cost of the house.

2 Mr Rees finds it necessary to extend the building of the Industrial School to give accommodation to students of the High School who may go for manual training to the school as well as outsiders not belonging to the Mission Boys' Home. This extension will cost Rs 2,000 I recommend that Government may sanction half the cost or Rs 1000 for the extension

3 The two amounts recommended will be included in the list of building grants for 1905-'06 to be shortly submitted to Government.

I have the honour to be,

Sir,

Your most obedient servant,

H.W. Bhabha

Inspector General.
